Petition from Columbia Gas of Massachusetts (CMA) hereby requests that it be granted a location and permission to install and maintain a telemetry cabinet on Carew Street, near the intersection of East Street, with such sense lines and electric conduits as it may now or subsequently find necessary.

Installation of the telemetry cabinet will allow CMA to remotely monitor the gas distribution system and relay abnormal operating conditions to its Gas Control Center. Should an abnormal condition be identified, Gas Control personnel can dispatch technicians to investigate and remediate the situation.

Said installation will be installed in accordance with the plans enclosed.
